Dedication

This year our yearbook is dedicated to a person who certainly deserves it.

In the years that she has been here she has done many things for the school. Besides teaching six daily classes of gym, she has given much of her time to extra curricular activities. She is the advisor of C.S.F. and G.A.A. besides giving much of her time to the rally activities.

Miss Beemer is just like one of the students. You will see her at most of the games and she has done much to provide activities at noon for the students. She has created interest in sports by having intramural tournaments. So this year we take great pride in dedicating the annual to Miss Beemer.

Principal's Message

It has taken a large amount of time, thought, and work to produce this fine annual. The Liberty Lion Staff and its advisor well merit our praise for what they have achieved but, welcomed though our thanks may be, a deeper reward comes to them in knowing they have contributed such a full measure to the continuing success of our school.

Such a reward can come to each of us if we but strive to do our part in making successful the constructive efforts of our group. It is only by such efforts that a social group such as our school can move ahead and it is only as we do our share that we can enjoy satisfaction that comes from feeling that we really belong.

In behalf of the students of Liberty the annual staff wishes to pay tribute to an outstanding person. Though blind, Earl has been successful in class work, in making friends, in activities and in all phases of school life. Because of these accomplishments he deserves a great deal of credit.

The Annual Staff has worked hard to produce a bigger and better Liberty Lion. We had the problems other staffs have had, trying to meet deadlines and raising funds for this publication. But all the headaches have proven most rewarding. The entire Annual Staff hopes this book will bring back many memories of Liberty High.

Senior Class Prophecy

June 20, 1962
Brentwood, Calif.

Dear Agnes,

As you know I have been away to the war but the other day I was mustered out at Camp Stillman so I thought I'd go over to Brentwood to see my old friends of the class of "52" who graduated 10 years ago.

The first one I saw was PAUL BRYANT down by the dump stirring up the trash, he isn't getting rich but he makes a clean living. He said he was looking for some auto parts to fix RAMON LE FÉVRE's car which hasn't run since HOWARD BEATTLE lit a match at midnight on hill 13 to check the gas. No wonder they call it hill 6½ now. When all the smoke cleared away HARRY ARMSTRONG was still sitting on the back seat 2 miles away on top of a hill yelling, "Have we got any gas."

I decided to see them at the hospital and ran into JO ANN REYNOLDS, NIELA NIELSON and LA RUE REED working at the hospital. They were working under Doctor EARL CHACON who was head of the place. He always did like to see blood.

EDDIE CRANDELL got rid of his Chevrolet by trading it to JACKIE BYERS Ford Company. This is a pretty good bargain. "Old Chevies never die, they just run that way."

When I was crossing the street a taxi almost ran over me. I just got hit on the leg with the fender. IRENE SANTOS was driving it and ran around the corner, out of sight. As I was picking myself up here came PAT SANTOS in her new Cadillac, she ran over me and parked on me. The only difference is that Irene hit and ran, but Pat hit and parked, on me.

I saw GLENN POOL and RUFUS HURST hitch-hiking to Port Chicago. They had worn out their old cars by going over there so much.

We stopped by DICK TIPTON'S snooker Palace and saw the old pool sharks, (DON ANDERSON, ROY DOWNS), playing FRED LORENZETTI and NICK RODRIQUEZ some pool. Roy shot so hard the ball went through the pockets.

I dropped by BONNIE PROPP'S radio and television shop to watch television. First I saw a football game between the California Bears and the Green bay Packers. The two star full-backs battling it out for the Championship, were ED DOUGLAS and ZULA MENDOZA. On the side line I saw JANICE JOHNSON rooting for Ed. The one rooting for Zuly was JUANITA MARTINEZ. I didn't see who won because I wanted to see a wrestling match between RICHARD MARTIN and KENNETH HOWARD. No one won because the referee AL PEDERSON got mad and threw them both out of the ring.

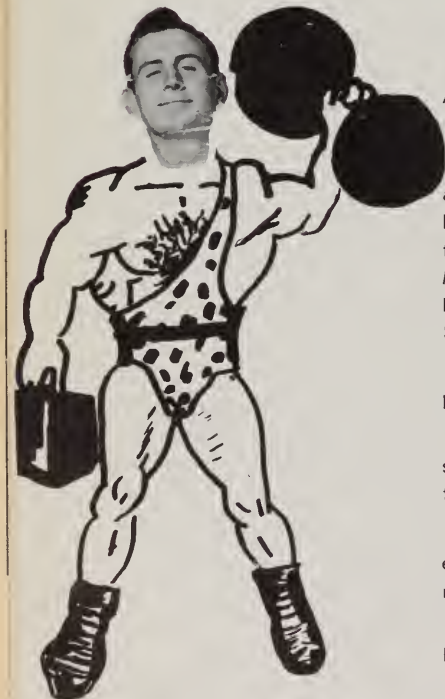

Following the wrestling match was DELFINA VIRAMOTES'S dress designing show with LEONA VASQUEZ, LORRAINE DEJESUS, and DOROTHY FREITAS as the models.

I had just enough time for just one more program, so I tuned in on LEON STEMLER'S all star Incas Spots featuring GERALD BETTENCOURT on the clarinet, GEORGE MCKINNEY on the trombone, and HAZEL WALKER as the singer.

I dropped by the Brentwood Daily News and saw SUE MUNDELL who was the managing editor. PEGGY JONES was one of her reporters with DALE EMERSON as her star photographer. The pictures come out in the next day's paper but Dale still gets there.

I took a look at the society page and saw that FRANCINE BELLECI was getting married to Harry after a long engagement.

On the advertising page I saw an advertisement for the GEORGE DITMAR, FELIX PAS-TOR, RICHARD SYLVIA, and JOE TORRES speed shop. They are souping up jet motors that will be guaranteed to fly right out through the hood.

I wandered over by the track and saw KAY KRETSCHMER running in his fishing boots getting in shape for the 1963 Olympics. His trainers, DENNIS O'BRIEN and JOHN MACHADO, said he was in great shape.

I was talking to ESPER SANDOVAL and she said that WILMA PATTERSON, DARLENE SWANEY, and CECIL SOUTHERN were married and had moved to Siberia to be with their husbands who work in the salt mines.

YVONNE SCOGGINS has taken over her dad's garage and sells striped and checkered paint for the new look in the Brentwood hotrods.

DONALD BECK has taken over George Mikan's place on the Minneapolis Lakers. I heard from him that BOB ENGLAND is the new water boy for the Harlem Globe Trotters, and I thought he would teach Ag to the FFA boys.

I walked down by the air strip and saw CAROLYN CARPENTER almost have an accident in her helicopter. Good things she had air brakes. DEE ROSE FURI who was furious just about ran into her when Carlyon didn't signal for a left turn.

I learned from head mechanic DON STILES that MARTIN ENNI and KENNETH WILLIS had just taken off for a non-stop flight to Byron. Hope they keep their eyes open because they might miss it.

I went up to the show house and BEV COLBURN is now managing the place. There was a double feature on—RICHARD HARMON is now playing the role as Skip-along Catastrophe. He is a real go-getter. Co-starring with him is RICHARD DEL CARLO as Will Bull Hiccup. He's really getting popular. The second feature was a show about "Never Cut Off Tomorrow What You Can Chew Today." Starring in the picture was BEV MARTIN and EVELYN HOLLAND with Boris Karloff and Lassie.

After the show I dropped out to Matthew Coehlo's ranch to see how he was doing after these years. I was surprised to find that BILL FRYAR was his foreman. He gathers the eggs every morning. He sure is a yolker.

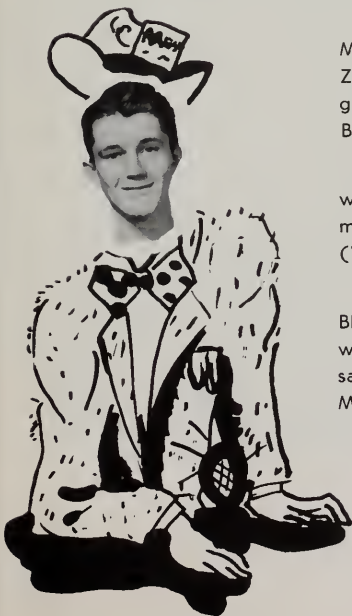

I was walking back from the ranch and ROBERT WILLIS and EDITH THOMPSON picked me up. While we were driving back to town, we heard the 17th edition of TOM SLATTENS radar gas-reporter, JOHN SALES give a report on CHAD CURTIS who ran on the vegetarian ticket for President of the U.S. His boy had just chopped down the Cherry tree. He also has a girl that sings.

I stopped by a restaurant to get something to eat and found that it was run by CAROL MISQUEZ and DORA GARCIA. I looked over in the corner and saw an old friend ROSALIE ZUCHELLI scrubbing the floors. She said she was going to be an old maid until Harry got back from the hospital. Rosalie told me that PAT WILEY had won queen for a day at Borden Junction. This was a thrill.

I had a pretty rough day so I went to the Brentwood Hotel to get a room. Do you know who I saw? LORAIN CARLYON was the manager with JANIE McCLELLAND the assistant manager. They told me that ILENE COPPING was President of the Oakley Hen Session (Women's Club).

I also learned from them that JEAN PATRICK, ZELTHA MAE WILSON and RUTH YOUNGBERG were teaching high school at L.U.H.S. I also found to my surprise that JOAN PRATT was a sergeant in the WACS and that ADELIA FAJARDO had joined the Waves. They said that she had Stalin on the run all the way from Moscow to Leningrad and into inner Mongolia.

As ever,
ALOWISHES P.

This group of Seniors entered high school 4 long or short (whichever you prefer) years ago as small frightened Freshmen. With the help of advisors, our class was organized and put into action.

Our Freshman year was a very active one and we were off to a good start. During that first year under the leadership of Leon Stemler and our Council, our class profited well and was ready for the 2nd year of High School. Don Anderson was our Sophomore President and the year passed successfully, with enough money in our Treasury to present a Junior Prom the following year. The Junior year being the hardest financially, with the Junior Prom and other Junior-Senior activities, we pulled through under Rufus Hurst's guidance.

Our Senior year was of course the most successful and outstanding. Under the guidance of Robert Willis and with the aid of the Council we accomplished all our goals and reached the end of our four years at Liberty.

Every year a group of Freshmen enter school with long faces not knowing whether to go in or stay out. So far High School has been pretty good to us except for initiation, which was survived quite well by us helpless critters.

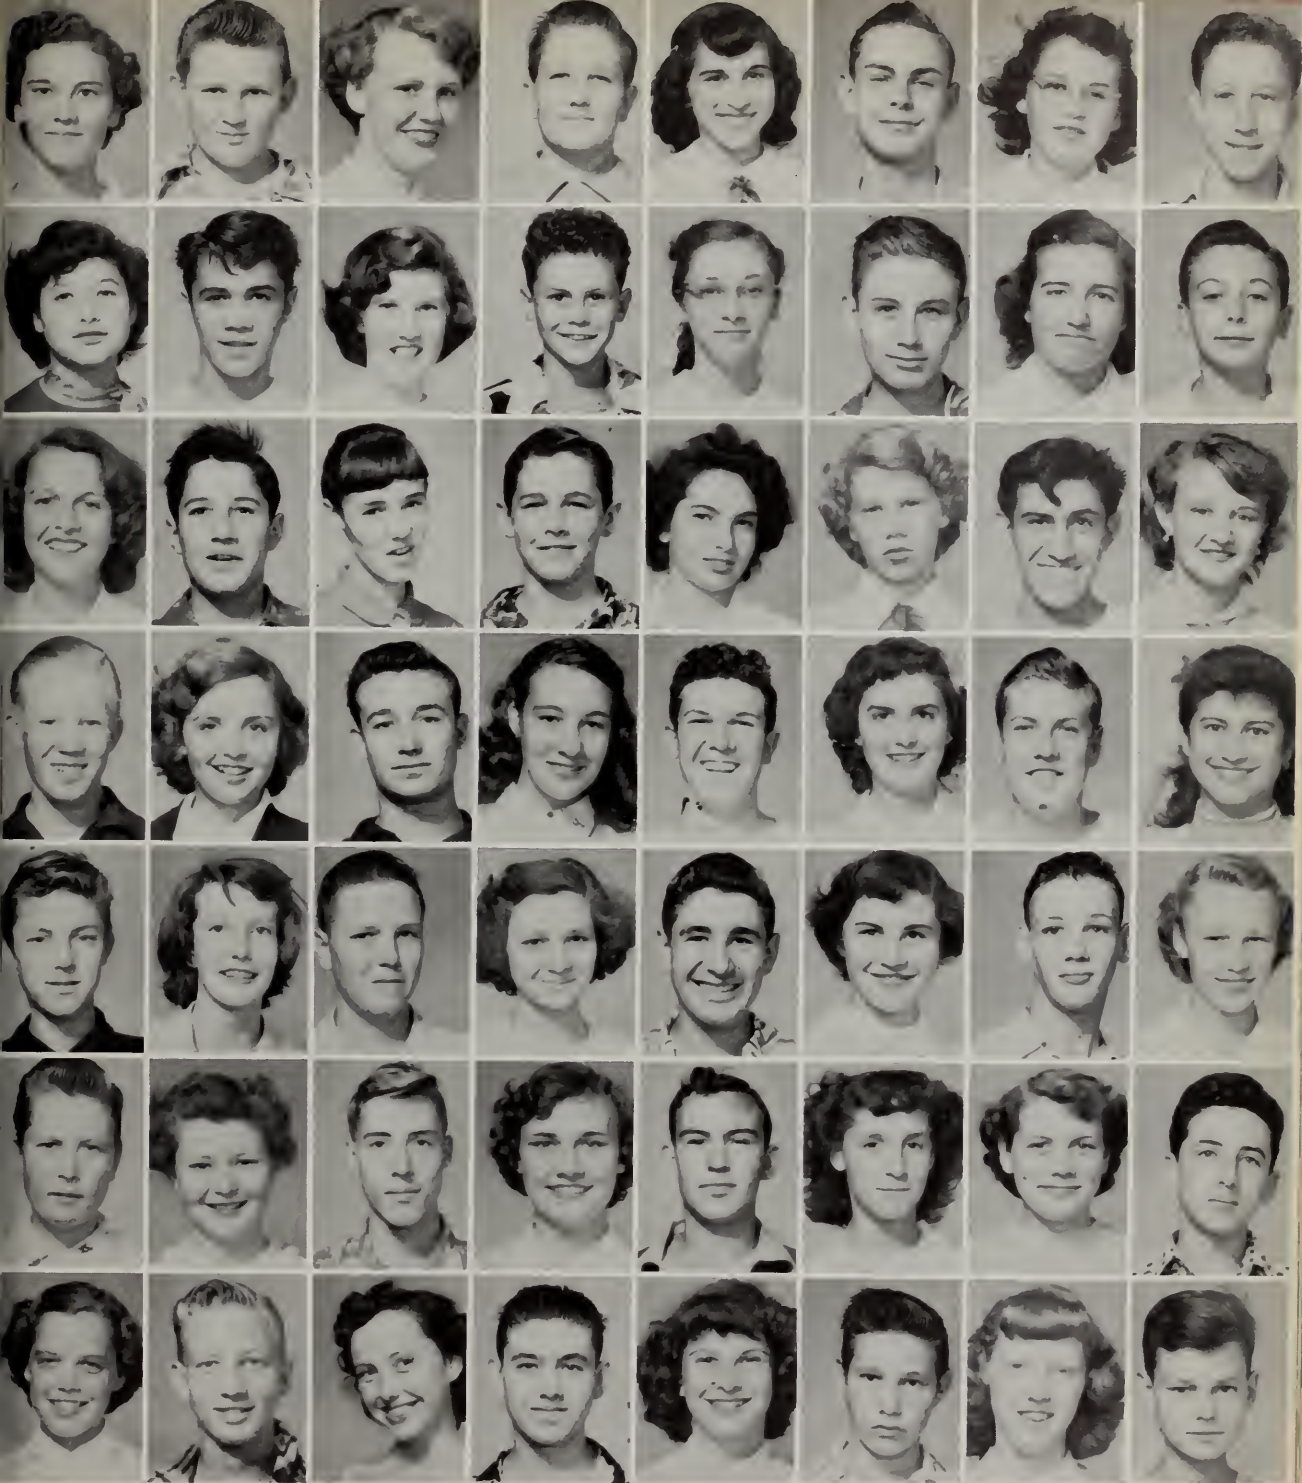

One of the activities we have had was a coke, candy and coffee sale during a football game. All the kids that helped had a lot of work to do but it was fun just the same. By the way we earned quite a sum of money.

That has been the maximum of our activities but we hope to do more in the future.

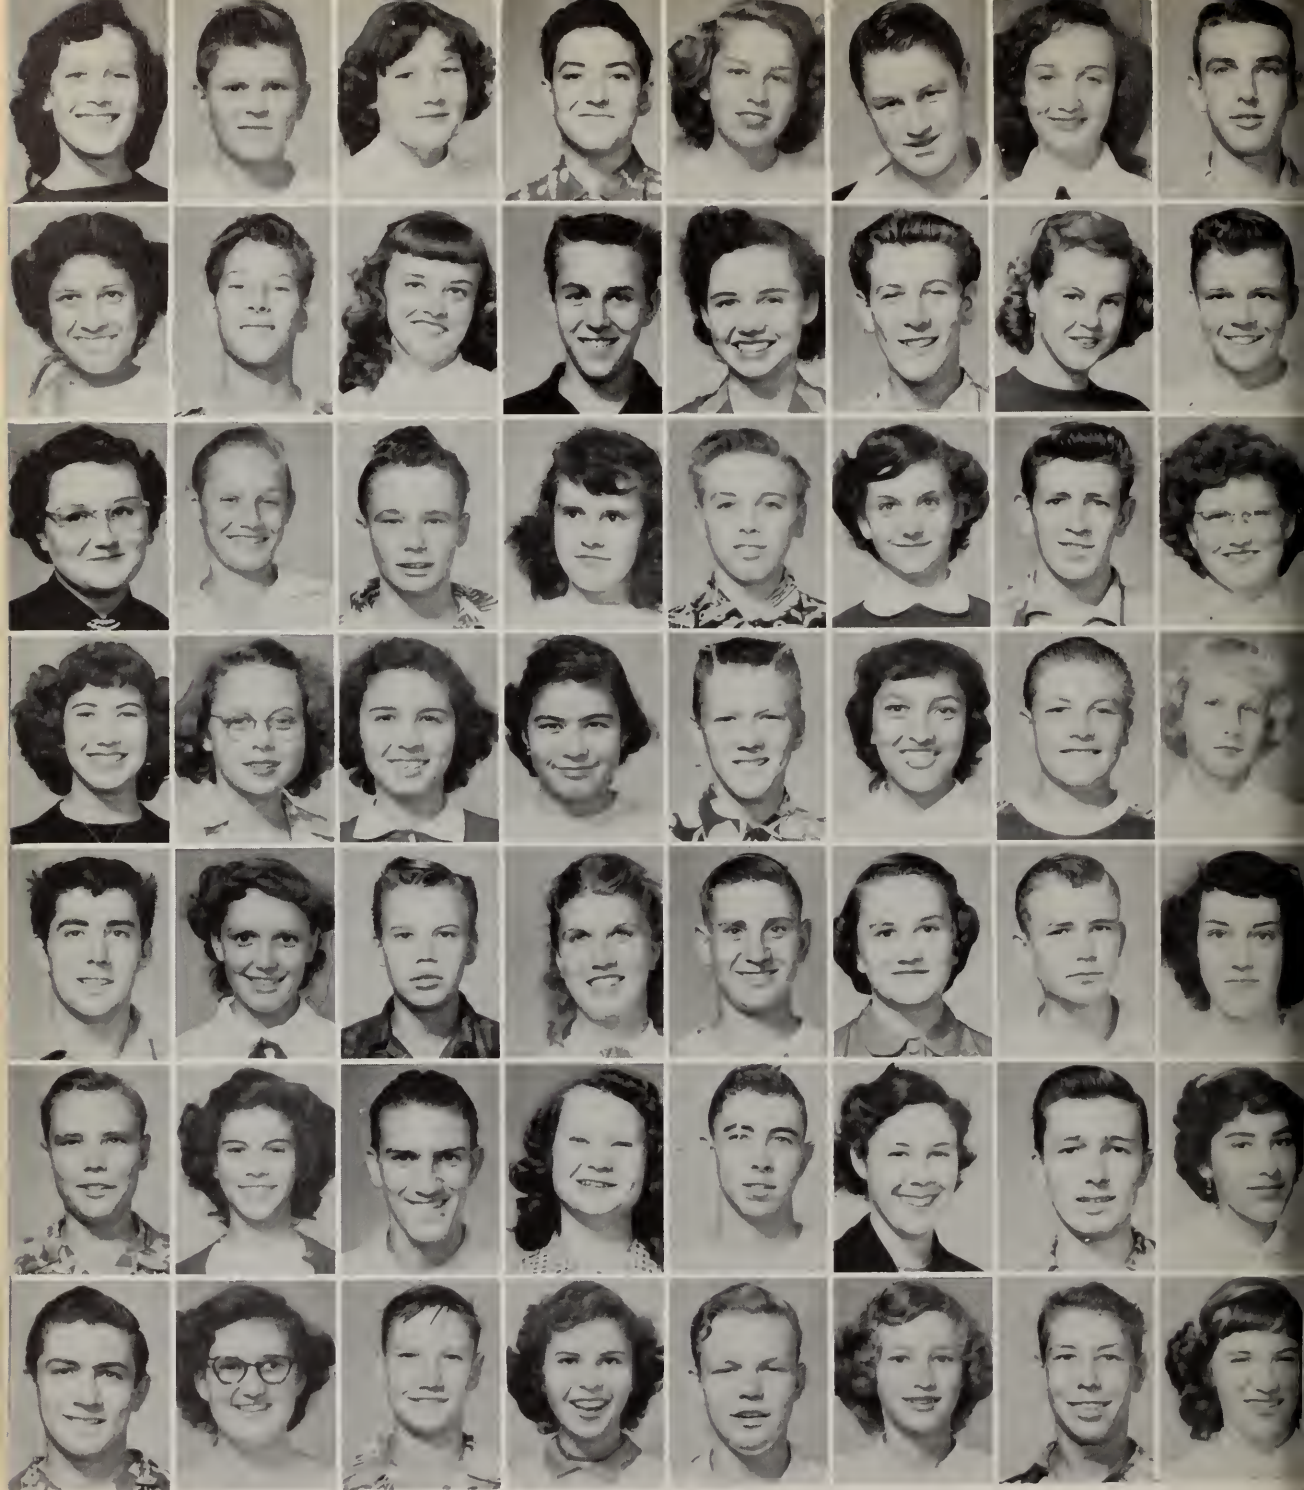

Joe Rodriguez did a very good job as President with the help of Jean Partridge, Vice President, Secretary Sue Gauger, Treasurer Shirley Armstrong, Sergeant-at-Arms Bill Sylvester, and Student Council Rep. Molly Mendez.
